Week 8 — Project Design Document Checklist

Design Document Progress | Worth 25 of this week's 100 points

This checklist verifies this week's contribution to the team's single, cumulative Project Design Document (see Project_Design_Document_Template.docx) — worth 25 of the 100 points on Week08_Checklist.docx as the "Design Document Progress" line item. By the end of Week 8, the document should exist with a drafted title page, a written Introduction & Project Overview section, a preliminary ER sketch, and the team roster — later weeks add and finalize further sections in the same document.
